

SNAP HEALTH PORTAL FOR PARENTS

To Improve Communication between Parents and School Nurses, Excel Academy has established the **SNAP Health Portal**. **AS OF AUGUST 2026, PARENTS WILL COMPLETE THE ANNUAL HEALTH UPDATE AND OTHER FORMS VIA THE HEALTH PORTAL**. We anticipate that keeping your student's health information up-to-date will be easier and more efficient this way.

**Parents will receive an email from "noreply@studentehr.com" containing their unique Username and Password. It will include the LINK to the SNAP Health Portal website. You can also access the Health Portal via the APPLICATIONS  LINK (in the upper right corner) on the PowerSchool Start Page. It is best to use Google Chrome to access the website.

Once logged into the Health Portal, select Language, your student (if you have more than one student at Excel), and check for any announcements along the top banner. You can change your password under settings (the far right person icon).

You will navigate along the left side of the page, where the **BLUE** box is, **CHECKING EACH OF THE SECTIONS**.

*****THIS WILL BE REQUIRED AT THE BEGINNING OF EACH SCHOOL YEAR AND THEN AS NEEDED.** We are suggesting that you do this now to familiarize yourself with this new way of completing the Annual Health Update.

TOPIC	FUNCTIONS
DEMOGRAPHICS	<ul style="list-style-type: none"> ● REVIEW Information ● ADD/EDIT Health Insurance Info ● Give Permission to Treat/Transport Student in an Emergency
